Quick Quotes

## Lydia Ko

### **Q. Talk about your experience playing here for the past week and what it's been like?**

LYDIA KO: It's been a lot of fun. U.S. Open is a tournament where we all look forward to having a great week. We hope that our game is right at the peak. It would have been great to cut a couple more shots off, but you can say that at every tournament unless you are the winner. It's been a lot of fun. I think the fans were fantastic. We had a big crowd even on the practice days. You can see here people are everywhere. I think it's great that people are not only supporting the leaders but everyone in the field.

### **Q. Would you want to play again at this course?**

LYDIA KO: Yeah, I think so. I think it was a great week. Gave us a couple birdies along the way, and gave us trouble to. It's a great week. Hopefully -- I don't know when we might be back, but hopefully we will be back..
