Vijay Singh

Q. What was the difference between yesterday's round and today's round play-wise?

VIJAY SINGH: I didn't hit that many fairways. It was a lot more windier today. I got some bad breaks, didn't putt as well. But all in all, I managed. I didn't play as bad as what the score reads. I went 1 over. So going into the weekend, I'll continue.

Q. Is this course playing as hard as most everyone is saying?

VIJAY SINGH: Well, if you miss shots the wrong places, then it's really hard. If you miss fairways, it's really hard. With the wind conditions and all that, if you miss a shot, you're going to be punished.

It's a golf course where the conditions can hurt you if you're in the wrong spot.

Q. Having played in a lot of U.S. Opens, do you feel like this is a course that you can make a lot of ground up in a hurry, or do you have to peck away at it?

VIJAY SINGH: Yeah, I can make a lot of ground if I play well. I didn't particularly score very well today. I had my chances. Yesterday was a good round. Today was -- you know, I could have been very easily even par today, but I turned around the other way.

Come the weekend, if the weather stays, if it doesn't get too rainy, I think I can get in front.
