## Bernhard Langer

**Q. So just tell us about the golf course today, all the rain, and how it affected it any differently --**

BERNHARD LANGER: It was very wet, totally different golf course. Had a lot of mud balls, which was disappointing. I wish we would have played preferred lies. The greens were slower with a lot of mud balls on the fairways.

**Q. Did you have a different mindset coming in today, being a past champion? Anything change your --**

BERNHARD LANGER: No, just tried to play aggressive, hit solid shots, give myself opportunities. And I actually played very well but I did very poorly.

**Q. At the beginning of the day, was there a number in your head you thought you'd need?**

BERNHARD LANGER: I just knew I had to go low and didn't get off to a good start. As I said, the first six fairways, I had five mud balls. The ball was just getting off line so you can't get it close.
