Michael Bradley

Q. So 4 under for today. Tied for the best round of the Championship. Talk to me about how you played today.

MICHAEL BRADLEY: I actually played really good today. I drove it well, hit a lot of good iron shots. Honestly, 66 was as bad as I could have played. I left a lot of shots, a lot of makable putts out there.

I played well, but the conditions were very benign. The course was soft. The greens were soft, slower. So, I mean, I said something to the guys in the 2nd hole, I thought somebody would shoot 65, 64 today just because the conditions were so different.

But I played well. I can't complain. I wish I'd have made a couple more putts, but I'm happy with 66.

Q. So it was mainly just the putter that let you down?

MICHAEL BRADLEY: Yeah. I made some putts but I just didn't -- you know, there were some I wish I would have made. I left a lot right at the jaw short. But it was a good day. Overall if you'd have said I'm going to give you 66 before you tee off, I'd have said yeah.
