Brooke Henderson

Quick Quotes

BROOKE HENDERSON: I didn't have a birdie all day, which kind of cost me. Four bogeys isn't that bad around this golf course, but if I could have made a couple birdies it would have made any feel a little bit. It was really firm, the wind was extremely strong today. I think I hit a 9-iron close to 160 or 170 today, so it was going pretty hard. It was a really good group. I'm just looking forward to tomorrow.

Q. You talked yesterday about the fact that you were putting, maybe having a trouble misreading the putts out there. How was it today on the greens?

BROOKE HENDERSON: A little bit the same. Today was kind of the opposite. There was more break in there. The pins were a little bit tougher, more slopes compared to the other days. They had the course -- they changed a couple tee boxes. They had the pins a little bit tougher. They kind of changed it around on us a little bit, which was good, makes it interesting. But definitely had to adjust to it.

Q. When you get such a difficult golf course out here, do you like the challenge? Do you like to try and battle through and figure things out?

BROOKE HENDERSON: Yeah, for sure. I didn't play my best today, but it was still pretty cool. I'm trying to see slopes and use the wind. I was trying to have fun out there, even though I wasn't too happy with how I was playing. At the end of the day, it's just a game and today just wasn't my day.
