## Lydia Ko

### FOX Quotes

LYDIA KO: I have a lot of great memories with the USGA, being a past U.S. Women's Amateur champion. I loved it here. The fans are great. And the majority of the holes the fans are cheering me on, and I enjoyed it. This was a great experience. And this is something I'm going to learn from.

**Q. Now, the group was put on the clock, did that affect the rhythm, did it affect how you were playing and approaching things on the back nine?**

LYDIA KO: You know, we fell behind during the middle of our front nine. But me finding trouble on 9 and trying to look for the ball, taking the drop, it was tough to even get back into that position. So I kind of feel bad because I feel it was a little bit my fault that we ended up being that far behind, but when it is windy and when every shot counts to feel a little rushed is tough. But we fell out of position, and that's all we can do.

**Q. There are lots more U.S. Opens in your future, and indeed a lot of majors coming up, and thanks for being such a part of the story this week.**

LYDIA KO: Thank you.
